Babes-Bolyai University,  
Cluj-Napoca  
2019-2021
- **Bachelor's degree in Computer Science**  
Babes-Bolyai University,  
Cluj-Napoca  
2016-2019

## SKILLS

- React
- Typescript
- Node
- Java
- Spring Boot
- GraphQL

## LANGUAGES

- Romanian
- English

## ABOUT ME

Experienced full-stack software engineer boasting over 6 years of proficiency in leveraging cutting-edge technologies such as React JS, TypeScript, Node, Java, and Spring Boot. Adept at crafting robust solutions, I excel in delivering high-quality code and am committed to driving project success. Currently seeking engaging contract opportunities with a focus on remote work arrangements.

## WORK EXPERIENCE

- Oct 2022 - Present  
**IT Teams - Full-stack software engineer**
  - Collaborating with a leading energy solutions client from Austria to enhance their platform.
  - Leveraging **Java**, **Spring Boot**, **React**, **TypeScript**, and **GraphQL** for feature development.
  - Migrated UI from **Predix UI** to **MUI** and transitioned from **Webpack** to **Vite.js** for improved performance.
  - Developed **Java** and **Kotlin** microservices using **Spring Boot** to integrate with **Salesforce** and **Oracle**.
- Sep 2021- Mar 2022  
**Innovator Spark - Full-stack software engineer**
  - The client: a forward-thinking real estate startup based in Germany
  - Frontend Development: Utilized **React** and **Next.js** to build responsive, server-side rendered (**SSR**) and static websites, ensuring optimal performance and user experience.
  - Backend Integration: Developed and maintained a robust backend API using **Node** and **Apollo GraphQL**, enabling efficient data fetching, state management, and seamless client-server communication.
- Apr 2021- Oct 2022  
**Zenitech - Frontend software engineer**
  - Key contributor to the development of a global employee engagement platform from United Kingdom.
  - Utilized **React**, **TypeScript**, and **GraphQL** to shape and enhance platform capabilities.
  - Played a crucial role in transforming the company from an international player to a global leader, expanding its influence across diverse markets.
- Sep 2018- Apr 2021  
**Micro Focus - Full-stack software engineer**
  - As a full-stack software engineer, I made significant contributions to the advancement of a highly impactful Robotic Process Automation (RPA) platform.
  - This platform serves as a cornerstone for numerous clients, enabling them to design and execute workflows with software robots effortlessly.
  - Leveraging my expertise in **Java**, **Spring**, **React**, and **TypeScript**, I was pivotal in ensuring the platform's effectiveness.
- Jul 2018- Sep 2018  
**Micro Focus - Intern**
  - I had the opportunity to gain hands-on experience in developing business applications using **Java Spring**, **React**, and **TypeScript**. I worked closely with the development team on real-world projects, contributing to both backend and frontend components
